BookByYou.com, the leading publisher of customized novels, has launched its first in a series of superhero novels, *Captain Stupendo*. This new release takes a romantic and comedic poke at the intimate and amorous underbelly of the superhero underworld. Our romance seeking leading lady is a Class A superhero, a talented communicator capable of speaking the language of all creatures, human and otherwise. Our strongman leading man is a reluctant Class C superhero, not at all anxious for the publicity that inevitably follows his super-strength exploits.

Add in the leading lady's best friend, a beautiful young faun who uses magic potions to hide her hooves as she sleeps her way through the eligible bachelors of San Francisco, mix in the hero's meddling mother, who doggedly promotes her son's superhero career, and you have a recipe for the romantic chaos that makes *Captain Stupendo* a truly heroic super hero novel for the ages.

This Valentine's Day, lovers can give the most one-of-a-kind thrill to each other with a personalized version of *Captain Stupendo*. Select the hero and heroine, plus sassy friends, to create a unique gift that will make this Valentine's Day the best ever. *Captain Stupendo* is personalized by providing specific information such as loved-one's names, their physical features, places, favorite drinks, even include a pet - over thirty unique characteristics to make your beloved's fantasy world a reality.
